

PUJA holds talk on regional collaboration, green incentives

Borneo Bulletin Online, 4 May 2019, Saturday

THE Institution of Surveyors, Engineers and Architects (PUJA) Brunei organised a continuous professional development talk on regional collaborative opportunities and green incentives at Betabur Hall, Ministry of Development building yesterday.

Over 60 PUJA Brunei and other stakeholders in the construction industry attend the event conducted by two speakers from the Pacific Association of Quantity Surveyors (PAQS).

PAQS current Chairman Francis Lang highlighted PAQS's visions and missions to the construction industry in Brunei and offers to establish and strengthen the relationship between PUJA Brunei and the associations under PAQS, as well as to encourage collaboration between the two parties.

PAQS 1st Vice Chairman Kwan Hock Hai promoted the use of Green Building Index (GBI) as a green rating tool for buildings in enhancing sustainability in the built environment.

He also raised awareness on the need to conserve the environment in the construction industry.

Permanent Secretary at the Ministry of Transport and Infocommunications Haji Mohammad Nazri bin Haji Mohammad Yusof in his capacity as former president of PUJA Brunei was present.
